

**Summer@BSME**

**BUDAPEST SEMESTERS  
IN MATHEMATICS EDUCATION**

*“Give them  
not only information,  
but know-how, attitudes of mind,  
the habit of methodical work.”  
– George Pólya*

**Summer@BSME** is a six-week summer program in Budapest, Hungary, designed for undergraduates, recent graduates, and in-service teachers interested in the learning and teaching of secondary mathematics. Home to eminent mathematicians such as Paul Erdős, Vera Sós, and George Pólya, Hungary has a long tradition of excellence in mathematics education. The BSME instructors are Hungarian teacher scholars who follow their own mathematical upbringing in Hungary and bring a creative spirit to the program.

**BSME** is specifically intended for students who are not only passionate about mathematics, but also the *teaching* of mathematics.

**PROGRAM HIGHLIGHTS:**

- Spend a summer in Budapest and learn from Hungarian teacher scholars.
- Study the Hungarian pedagogy, based on guided discovery, problem solving, mathematical creativity, and communication.
- Complete a week-long field experience at a mathematics camp for secondary students
